

SHIPPING CONTAINER CONVERSION BAR SOLUTIONS

One way to make a real impact on customers at an event is with a shipping container conversion bar.

A pop-up bar with a difference, shipping container bars can serve hundreds of guests at an event. As well as being easily transportable, they are durable, secure, weather-proof and customisable for maximum impact.

From the entry-level Shipping Container Bar to the notable Impact Premium Container Bar featuring a concealed upper deck terrace, we have a range of shipping container bars available for short- and long-term dry hire.

All our shipping container conversion bars feature a six-metre counter, two under-counter fridges and back bar for food and drink preparation and hiding additional stock. Each shipping container bar comes integrated with lighting and electrics.

Ideal for catering and serving beverages at events, our shipping container bars make incredible party event bars, festival bars and corporate bars.

CONTAINER BAR

A 20' ISO shipping container conversion bar, Shipping Container Bar is an industry leading six-metre bar that is fully customisable to provide a bespoke pop-up bar solution for catering and serving beverages at events. The entry-level shipping container bar comes in a matt black finish.

CONTAINER BAR PLUS

300mm taller than Shipping Container Bar and painted internally and externally in white, Shipping Container Bar Plus is a contemporary pop-up bar solution for all types of events. The shipping container bar provides a blank canvas to customise with company branding and marketing promotions.

IMPACT CONTAINER BAR

Impact Container Bar is a cutting-edge shipping container conversion bar with upper deck terrace. The upper deck allows for a maximum of 12 guests and is accessible through a single external stair unit. The interior and exterior walls are painted in matt black.

IMPACT PLUS CONTAINER BAR

Impact Plus Container Bar utilises a 20' High Cube shipping container creating a standout structure. 300mm taller than Impact Container Bar, Impact Plus Container Bar is painted white internally and externally.

IMPACT PREMIUM CONTAINER BAR

Impact Premium Container Bar is a unique and innovative multi-deck pop-up bar solution that utilises two 20' High Cube shipping containers. A truly revolutionary design, Impact Premium Container Bar has a sheltered upper-deck terrace for up to 12 guests and is painted internally and externally in white.
