## Mobil Showrooms - Pursuit Plus

The Pursuit Plus is the second generation of the Pursuit Mobile Showroom with some supplementary features. Similar to the Pursuit Mobile Showroom, the Pursuit Plus can also hold up to 150 guests providing an expansive entertainment space perfect for events.

The Pursuit Plus Mobile Showroom offers numerous branding opportunities both internally and externally and it also comes with an integrated audio visual system. That's not all. The Pursuit Plus has air conditioning and a heating system with climate control, large refrigerators and it's also equipped with lighting, which gives it a homely feel and makes it worth the price.

Unlike the Pursuit Mobile Showroom, the Pursuit Plus pop-up Exhibition Solution is equipped with internal and external access to the roof, where an external spiral staircase is available to get to the roof. The Pursuit Plus has been built with bigger glazed window panels than the Pursuit

Mobile Showroom, this helps provide a roomy environment and it also looks attractive.

Full disabled access is available, if required and the Pursuit Plus also comes with a separate entrance and exit for health and safety reasons. This modern Mobile Showroom has a unique hydraulic demount system and this pop-up solution only takes 30 minutes to set up, which provides more interaction time with potential customers.
