

The Events Structure Product Guide

Roadshow Trucks - Mercury

Mercury is an enormously impressive exhibition unit, which is suited to Business to Business and Business to Consumer roadshow applications. This flexible vehicle has a feeling of accessibility whilst also achieving a strong onsite physical presence. The vehicle benefits from an excellent climate control system making the unit employable on the coldest and warmest location environments. Mercury is hydraulically extendable to a presentation area of 60m². The exhibition trailer is equipped with its generator power supply, kitchen with running water (600 litres), microwave, fridge and air-conditioning.
